POPS ARE GATHERING

Mound City Again Becomes the Political Mecca.

PROSPECTS OF A BOLT GOOD.

Middle-of-the-Road Men Are Against the Endorsement of Bryan and Sewall, but They Are Clearly in the Minority—Delegates to the Silver Convention All Favor Fusion.

St. Louis, July 20.—Few of the delegates to the Populist convention have arrived, but among the leaders who have reached the city a very bitter war has already developed. They seem to be aligning themselves for a three-cornered fight, first, those who favor a straight endorsement of the nomination of Bryan and Sewall which will bring to the Chicago ticket the support of the Populists; second, those who desire a fusion electoral ticket, which will maintain the Populist party organization intact and place the leaders in a position to demand recognition in the event the ticket is successful, and third, what are known as the "middle-of-the-road" Populists, who favor an independent platform and ticket and who oppose fusion in any form. The latter, if present indications count for anything, will eventually be overruled.

The "Middle-of-the-road" men, however, will prove strong and valuable allies of the leaders of the second class, who seem determined to preserve their party organization at all hazards, but who profess an earnest desire to combine all the silver strength if a way can be found to give them recognition. The real fight, it is believed, will come between this faction and those who are in favor of putting behind them for the present all pride of party for the sake of the cause of silver to which they are pledged.

Chairman Taubeneck, the chairman of this middle wing, gave out a statement Saturday night outlining the plan of fusion electors as the only condition on which he is willing to join hands with the free silver Democracy. But even with fusion electors he wants a set of Populist nominees, the purpose being if his plan is carried out to elect Bryan president and a Populist vice president. Taubeneck's interview met with a stem of protests from the faction which advocates a straight endorsement of Bryan and Sewall as the only chance of solidifying the silver forces and gaining victory.

Mr. Patterson of Colorado, who heads the regular Colorado delegation, came out in an interview last night in which he denounced Taubeneck's plan as not only impracticable but impossible. He declared that insistence upon such a plan would be savor of a deal and jeopardize the cause of silver to which all professed to be and should be devoted. While he counselled the maintenance of the Populist organization in the future, he went so far as to intimate that those who now sought to place it above the cause of silver were looking to their personal advancement and such loaves and fishes as might come to them with the advent of a silver administration.

Among those Populists who have arrived from the south there is much opposition to the plan of endorsing Bryan and Sewall without conditions. Senator Butler of North Carolina, who heartily favors harmonizing all the silver elements as the only way to win, points out the strong enmity between the Populists and Democrats in the south and expresses the opinion that unless the Populist organization is recognized in the fight, through fusion electors, it will be impossible to secure the support of the rank and file of the Populists of the south for the Chicago ticket.

George F. Washburn of Boston, chairman of the eastern wing of the Populists, has returned from a visit to Mr. Bryan at Lincoln where he went presumably to confer with the candidate concerning his endorsement of the Populists. He was out-spoken in his expression that the Chicago ticket should be endorsed and the people be given an opportunity to express a clear verdict on the issue.

All the indications are that the convention will be a very bitter affair with the certainty of much bitter wrangling, the probability of some sensational incidents and a bolt of larger or smaller dimensions no matter what the ultimate decision of the convention is. The leaders of the American silver party who are here appear to be all of one mind—that Bryan and Sewall should be endorsed. Victory for silver is their slogan and they oppose anything which will tend to cloud the issue or divide the silver strength. They expect by their action to exercise a strong influence over the other convention, especially as there seems to be a disposition to arrange joint compromises of the silver and Populist leaders.

FAVOR THE CHICAGO NOMINEES.

Populist Washburn of Boston Returns From a Visit to Lincoln.

St. Louis, July 20.—Mr. George E. Washburn of Boston, chairman of the eastern division of the Populist party, returned to the city last night from Lincoln, where he went to pay a visit to Mr. Bryan. Mr. Washburn declined to reveal the purpose of his call upon the Democratic candidate or to enter into the details of his interview with that gentleman. There is no doubt, however, that the object of the visit was to, if possible, reach an understanding with Mr. Bryan which would render it consistent for the Populist convention to

accept him as its presidential candidate.

Mr. Washburn returned with a very excellent impression of the Democratic nominee and very anxious that his party should see its way clear to endorse Mr. Bryan. Discussing the general situation Mr. Washburn said:

"This is the first opportunity the American people have had to render their verdict upon the relative merits of the single gold standard and bimetalism at the ratio of 16 to 1. We have long urged this contest on the money question. The two forces are preparing for the greatest conflict since the war. The advocates of the single gold standard are united on one side, and it will be a crime for the silver forces to divide on the other. The success of the principles we espouse is of far greater importance than party advantage or individual advancement. We must meet the issue; it is a patriotic duty. We must rise above partisanship to a higher plane for our country's good. For a year we have advocated a union of the silver forces. I still adhere to that plan. To unite means success; to divide it invites defeat.

"Mr. Bryan endorsed the Populists in Nebraska. It is our plain duty to stand by him now. It is far better for us to win two or three of our principles than to suffer constant defeat on them all. Mr. Bryan represents the highest type of American citizenship. He is a man of the people—able, honest, sincere and true and believes thoroughly in the leading principles we advocate. The Chicago platform, while it does not go so far as we should like, is a long stride in our direction and is so radical a departure that the Democratic gold bugs openly call it a Populist platform and Mr. Bryan a Populist candidate. Now if this be true, why should we join these gold bugs in refusing to support candidates and platforms of our way?"

"The people will endorse Mr. Bryan whether we do or not, and with a fair chance we will sweep the country. To nominate a separate ticket invites disaster. We will lose a million silver Republicans who are sure to support Mr. Bryan. This, together with other losses throughout the country, would result in reducing the party vote so greatly as to completely discourage our party following. If we merge our votes we fail to reveal any such loss and our people would be in fighting trim for the next campaign. To divide the electoral vote and combine it on the candidate carrying the largest number of votes is out of the question. No authority exists in the Democratic party to make such an arrangement were they so inclined, and it would be repudiated by an indignant people."

Kansas For Bryan.

St. Louis, July 20.—Ex-Governor Llewelling of Kansas is one of the energetic Bryan men to be seen at the Lindell. When asked as to the nomination of Mr. Bryan, he said: "I can speak for Kansas. That state is most heartily in favor of the endorsement of Bryan. We believe that the shortest cut to silver is the best. Our party stands for more than free silver and we can obtain it with Bryan. The Chicago platform contains a great deal that we want. It is a pretty good Populist platform. Bryan is a pretty good Populist. The party is regenerated. It is getting back to the principles of Jefferson; that is what the country needs."

Coxey For a Proportionate Electoral Vote.

St. Louis, July 20.—General Jacob S. Coxey, who is a delegate at large from Ohio, is not in favor of endorsing or even taking the course pursued by a great many of the Populist leaders and "nominating" instead of "endorsing" Bryan. He thinks a straight ticket should be nominated, but is pushing a plan to have electors selected pro rata according to the votes cast by the parties whose national conventions have declared for silver. That would give the Democrats, the Populists and the Prohibitionists each representation in several states. He wants these electors put on one ticket.

Favors Fusion.

OMAHA, July 20.—The governor's private secretary, Benton Mrel, and State Oil Inspector K. H. Edmiston, left Lincoln today for St. Louis. They will meet with the Bimetallio League of that city and do what they can toward completing the scheme for fusion between the Bryan Democrats and the Populists. Prominent Populists are now sporting the official badge, which bears a picture of Bryan and the words "We are for Bryan." "No crown of thorns; no cross of gold."

DESPERATE GANG CAUGHT.

Three Men Who Created a Reign of Terror in Chicago Captured.

DETROIT, July 20.—John Orney, alias Hass, alias Onsey, alias Richards, and James Dempsey, alias Smith, known as the long and short couple, who have committed numerous hold-ups and murders at Chicago, and Michael Monahan, another member of the gang, were arrested here Saturday. A fourth member of the desperate robbers is believed to be in the city, but has so far escaped arrest.

The capture of the gang is said to be of the highest importance, as far as Chicago is concerned, the desperadoes having created a veritable reign of terror in the Windy City, committing daylight robberies and hold-ups without number, and causing the death of Sergeant Sauer and the wounding of a number of citizens and officers while resisting arrest.

Pittsburg, July 20.—General Joshua K. Siegfried died at his residence here yesterday, aged 64 years, from kidney troubles and nervous prostration. He was a well known philanthropist.

CONDITION OF CROPS.

Agricultural Bureau Report Unfavorable For Fruit.

APPLE PERCENTAGE DECLINES.

Prospect For Excellent Crops Still Continue in New England, New York, Pennsylvania, Michigan and Iowa—Conditions Are Also Very Fair in Nebraska and Several of the Mountain States.

WASHINGTON, July 20.—Generally poor condition of fruit crops throughout the country is announced in the agricultural department. Apples declined from 71 to 64.5 during June.

Prospects for excellent crops still continue in New England, New York, Pennsylvania, Michigan and Iowa. Conditions are also very fair in Nebraska and several of the mountain states. In other parts of the country the condition of the crop is far below the average, being lowest in the Atlantic coast states, where percentages are generally below 50. In the Ohio valley and certain other western states referred to the figures are somewhat higher, but no where above 67, which is the percentage returned for Illinois and Missouri.

The peach crop promises to be of medium proportions. During the past month a fall of 12.9 points has taken place, leaving the general average 51.8. Good crops are expected in Delaware, Maryland, Ohio, Michigan, Illinois, Indiana, Kentucky, Missouri and Kansas. The crop has suffered considerably in California as is shown by a condition of 75, which is lower than any July condition in that state since 1890. In New Jersey the fruit is falling badly. The Connecticut and New York orchards promise very little fruit and in Pennsylvania the condition is no better than in contiguous New Jersey, standing at 52.

In the European countries throughout last month the conditions were highly favorable to growing grain. A summary follows:

United Kingdom—All crops were greatly improved by the rains at the end of the month, and nearly all districts indicate an average crop. Hay-making has been general and the shortage, on account of the long drouth, is not as great as was anticipated.

France—It is expected that the wheat crop will considerably exceed that of last year. It is not yet safe to say that there will be a surplus, but it is confidently predicted that the wheat crop will be sufficient for home requirements. All other cereals are looking most promising.

Germany—The month has been generally favorable to the standing grain. Late telegraphic advices are not couched in quite such sanguine words as those from France and Austria, but fair average crops are predicted.

Holland and Belgium—Crops flourishing; a good average expected and an early harvest.

Spain—Favorable weather has materially improved the outlook for wheat and an average crop is expected.

Austria-Hungary—An unusual favorable June encourages belief in a large return of cereals—wheat and rye especially. The wheat is standing thick on the Hungarian plains, and the harvest is expected to be early.

Italy—An average crop of cereals is expected.

Bulgaria and Roumania—June weather has brought wheat along wonderfully. Maize is also looking well.

Russia—Reports indicate a good average wheat crop, conditions being favorable except winter wheat in Kherson and Bessarabia.

QUIT WORK.

When They Found They Took Strikers' Places—Claim They Were Mistled.

SHELBYVILLE, Ind., July 20.—A mass-meeting of miners was held at Star City Saturday. The following mines were represented: Jackson Hill, Alum Cave, Farnsworth, Dugger, Hymers, Linton and Shelbyville, for the purpose of inducing 45 miners to quit work. They were brought from Taylorsville, Ill., by the Harder & Hafer company to take the places of the men who refused to resume work under the present conditions. A conference among the Taylorsville miners and the seven other mines was held, in which President Knight of the nine workers explained the situation to the Taylorsville miners. State President Knight explained to them that about 900 men in his district were working, but not with his consent, while 900 were idle contending for living wages.

The Taylorsville men said they had been misled by the company, and had been informed that there was no trouble and the miners were all at work at Star City, and produced letters to verify their statements. The men readily agreed to pack their tools and leave. A committee was sent to Manager Harder to demand their expenses back home, but he told them they could apply to President Knight. A state convention will be called to meet at Terre Haute next Thursday. All miners in the state will be invited to attend.

That the sale of bicycles has in a measure reduced that of other commodities, and that it has operated against the sale of watches, perhaps more than that of some commodities, is undoubted. Exact figures are, of course, unobtainable, but The Weekly is decidedly of the opinion that the sale of watches this year is greater than that of last year, notwithstanding the fact that the demand for bicycles has so largely increased.—Jeweler's Weekly.

KILLED WITH A CHAIR.

Prominent Railroad Men Have a Fatal Fight Over the Card Table.

JACKSONVILLE, Fla., July 20.—In a moment of passion, caused by a dispute over a game of cards, W. W. Harolson, auditor of the Jacksonville, Tampa and Key West railroad, dealt a death blow to Francis M. Ector, assistant auditor of the same road. The tragedy occurred last night in the readingroom of the Arlington hotel, where the two men were boarded. Ector and Harolson were warm friends and nearly every evening played cards in the readingroom of their hotel.

Harolson struck his friend over the head with a heavy chair. Ector fell unconscious, and died at 5 o'clock this morning. Ector was a native of Atlanta and well known in railroad circles, having been auditor of the Richmond and Danville road for a long time.

CUT OFF BY FLAMES.

Three Men Perish in a Chicago Barn Fire.

OTHERS INJURED WILL RECOVER

The Unfortunate Men Were Engaged in Removing Horses and Cars From the Burning Plant When Surrounded by the Fire—Loss to the Railroad Company Half a Million, Mostly Insured.

CHICAGO, July 20.—Three men lost their lives in the fire which destroyed the car barns of the Chicago City Railway company, at Cottage Grove avenue and Thirty-ninth street, Saturday night. The bodies were discovered in the ruins after daylight Sunday morning, and until a short time before the discovery was made, it was not suspected that any human beings had perished. The names of the dead are:

Patrick J. Martin, conductor. William L. Elwell, driver. Frank Crosby.

It was not until 4 o'clock Sunday morning that the ruins of the big car barn had cooled sufficiently to permit the firemen to make an investigation. Shortly before that time employees of the street railway company informed the fire department that some of their number were missing. A search was at once instituted and in an hour's time the bodies of Martin, Elwell and Crosby were found. All were so badly burned that it was with the utmost difficulty that they were finally identified. With the other employees of the company they had been engaged early in the night in removing horses and cars from the burning plant, and had in some unaccountable manner been cut off by the flames.

The search for the bodies was kept up during the greater portion of the day, but as no more were found and no one else had been reported missing, it was abandoned. None of those who received injuries at the fire is expected to die.

One hundred open cars, 180 closed cars and about 50 grip cars were burned, besides 50 horses, a large amount of feed and other supplies. It is estimated that the loss will reach nearly \$500,000, covered by insurance of \$310,000.

MRS. STOWE'S WILL.

The Inventory of Her Estate Foots Up Forty-Two Thousand Dollars.

HARTFORD, July 20.—An unique document is the will of Harriet Beecher Stowe, offered for probate on Saturday. Under date of Nov. 3, 1895, it is signed by Charles E. Perkins, Mary Russell Perkins and Arthur Perkins. The large silver ink stand, the gift of the women of England, is given to her son, Charles.

The silver waiter and the silver basket, given her by the women of England, are given to her two daughters, Harriet and Eliza.

The gold bracelet given to Mrs. Stowe by the Duchess of Sutherland is bequeathed to her daughter, Georgiana (Mrs. Allen of Boston), now deceased. In the residuary clause one-third of all property is given to her son, the Rev. Charles E. Stowe of Salisbury.

Major John C. Parsons of Hartford is made trustee of the remaining two-thirds and the income is to be divided between the daughters Harriet and Eliza.

In a codicil dated May, 1888, the Forest Street House, which was Mrs. Stowe's home for so long, is bequeathed to her daughters Harriet and Eliza.

The inventory of Mrs. Stowe's estate foots up at \$42,343.98.

PORTSMOUTH

Shaken by an Explosion Which Destroyed a Church.

PORTSMOUTH, O., July 20.—The city is in a great state of excitement. The Second Presbyterian church has just been blown up. The report of the explosion was heard miles away. Window glass in houses throughout the city were shattered. Powder and dynamite were used. The police have arrested Will M. Lloyd, a traveling shoe salesman. His former home was Chillicothe. He is undoubtedly the wrong man. He has a strong alibi.

A motive for the deed cannot be figured out. A great many, though, are of the opinion that it is simply playing even on the Presbyterians who so bitterly opposed Dr. Thomas Vickers in the late fight for school superintendent, and who several years ago forced Rev. Gobiet to resign the pastorate of the church by naughty tales told on him. Rev. Gobiet is now near Toledo. Previous to this there have been unsuccessful attempts to blow up the power house of the street railway and the Offene Street school building.

Forty elders will be present. Elias Kimball, president of the southern missions of the church, will preside. Vanceburg has been selected because the church has been accorded more toleration here than any other point in this territory. Several churches in this and adjoining counties will be organized immediately after the conference.

REPUBLICAN papers are devoting an unusual amount of space to Candidate Bryan, if he is such "a soft snap" as they profess to think he is.

W. P. St. Jones, the gentleman slated for permanent Chairman of the Silver party's convention at St. Louis, has been drawing a salary of \$18,000 a year for thirteen years as President of a New York bank. When he gave up the presidency and the salary with it, last month, it was claimed that he could have retained both by simply keeping his currency views to himself. But he is an ardent free silver advocate, and resigned his position to fight for the 16 to 1 proposition.

This is a pretty good showing for the Wilson bill. The June statement of the Bureau of Statistics shows the exportation of domestic merchandise during the month to have been about \$64,863,891, a gain over June, 1895, of about \$11,000,000. For the twelve months the gain over the fiscal year 1895 was about \$70,000,000. The imports of merchandise during June amounted to \$56,159,045, of which \$25,146,179 was free of duty. The gain on dutiable goods was only about \$93,000. For the twelve months the gain was about \$41,195,000. The excess of exports over all imports of merchandise during June was \$10,459,117, and during the twelve months \$102,801,923.

JOHN CLARK RIDPATH ON SILVER.

John Clark Ridpath, the eminent historian, whose name is familiar to every school boy, has been a Republican. He is now with the Democrats on the currency question. In response to a letter from a prominent Indiana Democrat, Mr. Ridpath eloquently enunciated his views, as follows:

There is just one great question before the American people, and that is whether they will be compelled by the international gold conspiracy, having its bifurcations in London and New York, to transact their business, and in particular to pay their debts, with a cornered dollar worth two for one, fraudulently substituted for the dollar of the law and the contract, or whether they (the people) will reclaim their right to transact their business and pay their debts according to the terms of the contract, according to justice.

It is said by the emissaries of the gold propaganda that they who advocate the restoration of our coinage and money to the exact condition which it held prior to the act of 1873 are dishonest; that they wish to coin 50 cents worth of silver into a dollar and compel creditors to accept that in lieu of an honest dollar. Than this, there was never a greater sophism and falsehood. What the people desire, and what they intend to do, is to coin a hundred cents worth of silver, that is, a dollar's worth, that is 371 grains of silver, into a dollar, and by that act to break the corner on gold and reduce the exaggerated purchasing power of that metal to its normal standard.

If any man dare say that 371 grains of silver are not a dollar's worth let him be challenged with the question whether that amount of uncoined silver will not purchase as much of the average of 25 of the great staples of the American market including real estate and labor, as the same silver would purchase 25 years ago. Let him answer that truly, or forever afterward hold his peace. As a matter of fact the uncoined silver in the American dollar will buy more of the average of our great staples than the same would buy in 1875.

What then? The limited supply of gold in the world has been cornered by those who own it. They are few—very few—and the people are millions. The price of the cornered gold has advanced more and more, until it has become worth almost two for one. All the while coined gold has concealed the fallacy that is in it. The gold eagle still proclaims itself \$10, although it has advanced in purchasing power until it is nearly \$20. Under this obscure and fraudulent process all productive industries have been crushed to earth. They who labor in the fields and shops have been virtually ruined.

The claim that gold coin is the sound money, the "honest money" of the world and that silver money—real, primary silver money, on our old statutory ratio—is dishonest and unsound money, is the most false, as it is the most audacious proposition ever put forth by interested parties to defraud the people of a great nation.

THE WILL OF THE MAJORITY.

Senator Faulkner Discusses the Chicago Convention—The Duty of Democrats.

WASHINGTON, D. C., July 17.—Senator Charles J. Faulkner, of West Virginia, in an open letter, says of the results of the Chicago convention:

"I believe the Chicago convention was a legal and regularly constituted assembly of delegates commissioned by the members of the party to give expression to the will and wishes of the Democratic masses of the country. If present and a delegate to that convention I should not have voted for the platform as presented to it, as in several respects it does not give expression to my views on certain public questions.

"A majority of that fairly and regularly constituted convention, however, adopted that declaration of principles. Such majority can alone determine the principles and policies of a national party.

"The minority have but one of two courses to adopt.

"If the differences are so serious that it cannot conscientiously support the candidate and platform, it must then seek alliance with a political organization whose declaration of principles accord with its own.

"If, however, the policies announced by the platform, on the whole, are more in accordance with the views held by the minority than the principles and traditions of opposing political parties, in my judgement it is right and the duty of the minority to yield to the voice of the majority fairly and regularly expressed.

"There can be but one Democratic party, and but one Democratic organization, and when once that party through its regularly constituted agents has nominated its candidates and declared its delegates, there can be no middle ground on which Democrats can stand.

"No faction representing a minority can claim its name nor usurp its organization.

"Believing that the candidates nominated and the platform adopted at Chicago, taken in connection with history and traditions of the party, more nearly express my views in reference to public questions than the Republican candidates nominated and the platform adopted at St. Louis, I shall give my earnest support to the nominees of the Chicago convention."

THE Populists of Lewis County reorganized their County Committee Saturday by electing Charles Hauke, Chairman, and William Grote, Secretary. A resolution was passed indorsing Bryan and Sewall.

THE Kentucky Register, of Richmond, the oldest newspaper in that section, and, before the Chicago convention, a staunch gold organ, has come out squarely for Bryan and Sewall. In a strong editorial it calls on the disgruntled Democrats to fall into line. This makes two papers at Richmond now advocating free silver.

We are having cool weather for the time of year. Winter wraps were comfortable Friday night.

CINCINNATI TOBACCO MARKET.

Sales Have Been Large and Offerings Fully Equal to the Demand—Prices Maintained.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

The tobacco market of the past week has been about a repetition of the week before. Sales have been large but not too much to get through with every day, still the offerings have been fully equal to the demand and buyers have shown some carelessness, although we think prices of the previous week have been fully maintained on nearly everything, except the better grades of new tobacco, which have shown some weakness, and the sales on that class of tobacco have not been satisfactory to the sellers. The colory goods and low grades keep fully up to former prices and there seems to be rather a special demand for goods of that character, but the common grades are as low as they have been at any time in the last three weeks.

Old tobacco has not been offered the past week in very large quantities and there has been very little change; if anything we think it is a shade lower than a week ago, and still believe the holders of old tobacco should sell and get it out of the way, as experience has taught us in late years that the longer it is held generally the more it loses.

Our receipts have been larger, but the quality of the tobacco does not seem to be any better than our former offerings, and we still think that the crop is a very poor one and will have to be sold for low prices, unless the heavy rains should damage the new crop, which probably it will do in some sections, but there is every prospect for the best crop we have ever had in the tobacco districts, and we advise selling the present crop before that should come into competition with it upon the market. There is nothing to encourage owners of the new tobacco to hold for better prices, as our opinion is that when the crop of 1896 comes into market, it will be neglected more than it is now.

There is no special firmness in the market except on very colory low grades; they have held their own very well.

The annual report of the Pleasant Ridge Turnpike Company shows total receipts of \$179.83, expenditures \$115.06, leaving a balance of \$64.77.

THE LEXINGTONS.

The Blue Grass Team Plays Here This Afternoon and To-morrow—Base-ball News.

The Lexingtons came down this morning and will play at the local park this afternoon and to-morrow. The games between the Maysvilles and Blue Grass boys last week were both close and hotly contested. The teams broke even at Lexington. They are pretty evenly matched and the contests this afternoon and to-morrow ought to draw big crowds. Lexington has three good pitchers in Conover, Lindsly and Frazier. The locals will have to put up first-class ball to win. Go out and see the games.

Dick Smith is expected back at Ironton this week.

Paris at last won a game from Knoxville Saturday, 10 to 1. Rieman and Miller pitched.

Nearly 23,000 people saw their pets, the Reds, defeated by the Champions at Cincinnati Sunday.

"Dickey" Van Winkle, the old third baseman of the Maysville team, is now playing with the Toledo.

Conover and Leever will likely be pitted against each other in the box this afternoon. Game called at 3 o'clock.

Lexington defeated the Olympics, of Louisville, Saturday—10 to 9. The Blue Grass boys batted out four runs in the ninth.

Lynchburg won the penant in the first half of the 1896 fight in the Virginia League, and Captain McGann did as much as any one member of the team to get the flag.

Here's the verdict of the Millersburg fans on that first game at Paris. The Journal says: "A large number of our ball fans attended the games at Paris Monday and Tuesday and 'rooted' for Maysville. They all claim that Maysville was robbed of the first game."

The Public Ledger, speaking of the second game at Paris, stated that the umpire was drunk. The Kentuckian, in Saturday's issue, says: "Mr. Lavin, the umpire, is a business man of Paris, and if the Ledger don't publish an apology, he will probably make them sign a libel."

Paul Jones, who has been catching for the Birmingham Southern League team during this season, has come to Danville to organize a crack team with such old players as the McRoberts boys, Will Woodcock, Temple, Gus Jones, Martin Welch, Ed. French, Portwood, Grinstead, etc. Dates will be made with the Louisville Athletic Club, Paris, Maysville, Lexington and other leading Kentucky amateur organizations.

The statement that the Lexingtonians defeated the Frankforts Friday 22 to 0 was not true. On the contrary, they were downed 5 to 2 by the Capital crowd. Conover, it seems, had thrown his arm off, almost, to down the Maysvilles last week, and it was so sore he objected to pitching, but he was put in, all the same. Frankfort got seven hits, while Vanderveer held the Lexingtons down to five. Lexington didn't score until the last inning.

Masonic Widows' and Orphans' Home. Captain J. Speed Smith, of Richmond, Past Grand Master of the Grand Lodge of Kentucky Masons, who was appointed, by the Grand Lodge, Chairman of the Relief Committee, is making a tour of the various lodges, raising funds to build an addition to the Widows' and Orphans' Home at Louisville, to be used as an infirmary and home for old and indigent Masons. He is meeting with much encouragement in the work, having raised up to date about \$22,000.

A BEAUTIFUL COUNTRY HOME.

The Young Editor of the Mt. Olivet Tribune-Democrat Charmed by a Visit in Mason.

[Mt. Olivet Tribune-Democrat July 17th.]

The editor of this paper spent from Wednesday of last week to Sunday, most pleasantly at the beautiful country home of Mr. and Mrs. Eugene Davis at Helena Station.

Mr. Davis is one of Kentucky's ideal farmers and his beautiful blue grass farm of about 400 acres, situated in the very best portion of Mason County, would certainly lend seriousness to the thought that the Garden of Eden was located thereabouts.

Much of Mr. Davis' land cost him \$150 per acre, but one look at it is sufficient to see that it is worth it. His farms are improved with all modern conveniences and his barns, stables and other out houses are indeed well worth visiting. Mr. Davis deals in nules on quite a large scale and ships scores of the long-eared animals every year.

His beautiful home is fitted and furnished elegantly, throughout, at the cost of several thousand dollars.

Mrs. Davis is an elegant woman in every particular, handsome and accomplished like all daughters of Mason County, and, in common with her husband, possesses that genuine, unaffected hospitality that makes Kentuckians the best people on earth.

While she entertains in her parlor with rare grace, she is quite domestic as well. She takes great pride in her poultry yard which is under her personal supervision. She has over 400 young chickens, and gathers dozens of eggs every day. Mrs. Davis has great mechanical skill and can take saw and hatchet and make as good chicken coops as anyone.

It is a delightful home, a lovely family and a lovely neighborhood and we certainly enjoyed our visit. We could not have helped it, had we tried ever so hard.

SHOT HIMSELF.

James Cook, Living Near Lewisburg. Makes An Unsuccessful Attempt at Suicide.

James Cook, who lives near Lewisburg, made an unsuccessful attempt at suicide a few days ago.

He placed the muzzle of a shotgun close to his mouth and then discharged the weapon with one of his fingers.

Remarkable to say the charge did not kill him. He was still alive this morning, and is not seriously hurt.

Cook is a son of Greenberry Cook and formerly resided near Springdale. He is a hardworking and industrious man, and was in comfortable circumstances.

The cause of his troubles has not been learned.

The C. and O. sold about 200 tickets at this point for the Cincinnati excursion Sunday.

The bride-to-be is a most estimable young lady who has a host of warm friends here in Maysville.

Dykeman, druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. FOREST CITY'S CENTENNIAL.

Interesting Historical Events to Be Commemorated For a Month.

CLEVELAND, July 20.—The celebration of the centennial of Cleveland began yesterday with appropriate services in all the churches. In the afternoon there was a mass meeting at Central armory, at which addresses were delivered by representatives of the Protestant, Catholic and Jewish faith and other exercises of an appropriate nature. Last night the German citizens held mass meetings at Central armory and Music Hall. Today the military encampment of state and regular troops will be dedicated by Governor Bushnell.

Tuesday will be early settlers' day, Wednesday, the 22d, anniversary of the arrival here of Moses Cleveland, the pioneer surveyor of the Connecticut Land company, will be founders' day. Many distinguished visitors will be present. Among them Governor Coffin and staff of Connecticut. Senator Joseph R. Hawley of Connecticut will deliver the historical address. There will be a parade of military and civic societies in the afternoon and a historical pageant at night. Thursday will be New England day, and Senator Hawley, Governor Coffin and Major McKinley will be among the speakers. Friday will be wheelmen's day and it is expected that 10,000 riders will be in the parade to occur on that day.

The celebration will continue until Sept. 10, the anniversary of Perry's victory, and each will be crowded with interesting events.

TWO COUNTIES TERRORIZED.

Five Hundred Citizens in Arms to Battle With Thugs and Robbers.

POMEROY, O., July 20.—Meigs and Gallia counties are being overrun by an organized band of highwaymen, burglars and incendiaries. There are 27 in the gang. Officers are terrorized and seem powerless to capture them. People are held up nightly and robbed and beaten. Judge H. A. Kent's barn and stock were burned early Sunday morning.

Five hundred men in Middleport are armed by permission of authorities to protect themselves. Both counties are ready to rise up for the wholesale killing of the robbers.

Crushed by His Own Train.

HUNTINGTON, W. Va., July 20.—The body of Captain W. B. Suttler, a prominent conductor on the line of the Norfolk and Western railroad, was found mangled almost beyond recognition just south of Canterbury station. The supposition is that he fell from his train and was run over by a "pusher," which was assisting his train up the grade. The crew of the train had proceeded south almost 50 miles before they discovered the fact that their conductor was missing. Captain Suttler lived in Virginia and was among the best known men on the line. He was engaged to be married early next month.

Crazed by Confinement.

CINCINNATI, O., July 20.—Daniel E. Shepard, a young man confined in the county jail on the charge of horse stealing, went suddenly crazy Friday, and was conveyed to an asylum Saturday. When placed in the jail three months ago he was strong and vigorous, but the confinement so worked on him that he has been sick almost all the time, and is now reduced to almost a skeleton.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be recommended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
